INVESTING IN OUR COMMUNITY Improving community access

Kirkland designs project, awards contract to FORMA

JANUARY FEBRUARY MARCH APRIL MAY JUNE JULY AUGUST SEPTEMBER OCTOBER NOVEMBER DECEMBER

FORMA Construction builds Northeast 132nd Street improvements

THEPLAN

The City of Kirkland is improving access this spring for the communities near Northeast 132nd Street's intersection with 136th Avenue Northeast. To achieve this, the City will add a turn-pocket on

Northeast 132nd Street, a pair of bike lanes on 136th Avenue Northeast, and two sections of sidewalk and a bulbout, which will narrow the crossing distance from one side of 136th Avenue Northeast to the other.
